Subject: Request Regarding Enrollment Process

Dear Sir or Madam,

I sincerely apologize for my current situation and for writing this request.

My name is Rasel Shikder, and I have received an offer letter for the Sustainable Business and Law (B.A.) program at Trier University of Applied Sciences.

I would like to kindly explain that currently I do not yet have my German student visa, as my visa interview schedule is expected in June. However, the German Embassy requires proof of enrollment/enrollment certificate from the university during the visa process.

Therefore, I humbly request your kind consideration regarding my enrollment situation. I am fully committed to joining your university, and I will complete all remaining visa formalities as soon as possible.

I would be deeply grateful for your support and understanding in this matter.

Thank you very much for your time and consideration.

Yours sincerely,
Rasel Shikder
